

THE INTERNATIONAL  
YOUTH INITIATIVE PROGRAM

## Application information for YIP19 2026-2027

*I do not seek, I find*

*Seeking is starting from what is old  
And discovering in the new  
What you already know.  
Finding is something entirely new,  
New also in movement.  
All paths are open,  
And what is found  
Is unknown.*

*Only those can embark on  
The uncertainty of such ventures  
Who know they are secure in insecurity,  
Who are led into lack  
Of certainty and direction,  
Who in darkness  
Give themselves up to an invisible star,  
who let the goal draw them  
And do not limit and narrowly determine it*

*Being open to each new insight,  
To each new experience  
Both inward and outward  
Is the essence of modern human beings -  
Who, despite all fear in letting go,  
Allow the grace of being held  
To enter them and manifest  
New possibilities*

# INTRODUCTION

Dear Applicant,

Thank you for downloading the YIP19 2026-2027 Application Form.

As YIP encourages individual initiative, the process or the outcome of the program can not be predetermined. It is as Picasso expresses in the above poem: a risk, a venture...only to be taken on by those who wish to become secure in insecurity.

YIP aims to host a place for the deep exploration of our purpose in life, coupled with exploration of the urgent needs of the world. We hope that a match can be found that meets both the individual's longing and purpose, as well as a need in today's society and world. A space for initiative and learning, where you can bring your ideas to life!

The process and the outcomes will be highly individual, and largely dependent on the attitude and engagement of those taking part in the program. This Application Process is therefore mainly meant to help you to decide if YIP is the right next step in your journey, whilst also enabling the organizing team to get to know a bit about you, your ideas and inspirations.

How do we decide your acceptance? We are looking for enthusiastic self-motivated young people who have a deep interest in working towards a more just and regenerative future. People who are willing to ask and hold big questions relating to their individual and our collective state of being; open to look reality in the face both from within and out into the world and willing to be part of the change that might be required to improve what you find there. You need to be willing to consciously navigate the joys and challenges of community life and to take part in sculpting your learning. We are interested in your initiative, the ideas and inspirations behind your actions and your ability to be reflective about yourself and these ideas with an open attitude.

Before continuing the application process, please ensure that you have read the terms and conditions included in the initial application form, they will inform you about the practicalities of applying for YIP and make your application process easier.

## STEP TWO: MY QUESTION

All initiatives begin with a question. This step asks you to creatively express a burning question you carry right now that inspires you to step into initiative that is of service to the world.

Activate your creativity inspired by the question below:

What is a question that motivates me to take initiative towards a positive change in myself and/or the world?

Consider: where does your question come from? Who is it for? What are the key elements? How would you begin to address it? We look forward to seeing, hearing, and experiencing your question through song, film, poetry, theatre, movement, painting, sculpture etc. Please do not make it longer than 5 minutes.

## STEP THREE: REQUIRED ATTACHMENTS

- **Reference Letters** - [CLICK HERE FOR THE REFERENCE LETTER TEMPLATE](#)

Please ensure that both references are from people who know you well from an education/work/mentor position, who can comment objectively on your character, abilities, capacities and/or past experiences. We cannot accept references from family members or close friends. Please print the [reference letter template](#) and give it to your referee to complete and either email or post to us.

\*Please note that your application will only be completed and processed once we have received both references.

- **Health Report** - [CLICK HERE FOR THE HEALTH REPORT FORM](#)

If you require a special diet, or have any serious allergies please include details of this on your health report. If you have any current or previous medical, mental or physical conditions that may affect your stay at or participation in YIP, we ask that this be clearly stated on the report.

- **Certificate of Proficiency in English** - [CLICK HERE FOR THE ENGLISH CERTIFICATE FORM](#)

If English is not your native language, you will need to provide a certificate of proficiency in English. For your admission it is required that you understand, speak, read and write in English at least at an intermediate level.

\* PLEASE NOTE: This is not a 'formality', but an important check for YOU. Experience has shown that people struggle in YIP if they do not understand and speak English well enough. In YIP, reading and writing English is NOT as important as understanding and speaking it. Please listen to the lecture below to see if you understand all that is said. If you struggle to understand what is spoken, we recommend that you reconsider your application: <https://vimeo.com/15985264>
